

Disclaimer

Tubejoiners, as a supplier of fittings to suit 50 x 50 x 1.6 SS RHS, does not accept responsibility for damage or injury caused by the use of these fittings. Although every effort has been made to verify the strength of the fitting, it is ultimately a plastic injection moulded fitting that is subject to variations as a result of the manufacturing process, and the method of assembly.

The Buyer should ascertain and/or test the fitting to verify its suitability for their particular application, considering the load applied to each fitting. This could be a static load or a shock load. The results of these tests could vary based upon the temperature of the environment in which the fitting is used.

If the Assembly procedure on the opposite page is not followed and damage to the fitting is incurred during assembly, then Tubejoiners cannot be held responsible for the failure of the assembled device or be expected to replace fittings under warranty.

Should a fitting (or number of) exhibit manufacturing faults prior to assembly, then return these fittings for replacement, with the Buyer responsible for the return of the faulty goods and Tubejoiners responsible for despatch of replacements.

Tubejoiners will not refund monies for purchases made.

For any queries regarding the Tubejoiners fittings, please email sales@tubejoiners.com
